

## **Powertrain Lab- NATRAX**

NATRAX- Indore is proposed to host basic Powertrain facility for homologation and R&D. The proposed Powertrain Lab at NATRAX has to host Vehicle Test Cell for Emission testing. NATRiP is under process to established following capabilities for Powertrain Lab at NATRAX.

### **Powertrain Lab Capabilities At NATRAX**

<b>Capability Name</b>	<b>Component</b>	<b>Application</b>	<b>Test Capability</b>	<b>Specification</b>	<b>Fuel Type</b>
<b>Vehicle Test Cell for emission</b>	<b>CD1 Analyser</b>	<b>PC+LCV</b>	<b>Euro V+ R&amp;D</b>	<b>150 KW, 48<sup>0</sup></b>	<b>Gasoline</b>
	<b>CD2 Analyser</b>	<b>PC+LCV</b>	<b>Euro V+ R&amp;D</b>	<b>150 KW, 48<sup>0</sup></b>	<b>Diesel</b>
